SUMMARY:

The epitome of British style, Edwardian is outfitted to exacting standards with simply no expense spared in her interior design and furnishings. Edwardian's star attraction is her fully open upper deck, which provides magnificent views of London. Unsurprisingly this has made her a very attractive vessel for film and television productions, as well as brand activations. Meanwhile, her lower deck features a versatile space which is able to host people for virtually any function. Her smaller size enables her to travel to a significant number of piers throughout the tidal Thames, providing a wide range of locations for filming, events, or guest embarkation. A genuinely unique vessel on the River Thames, Edwardian has played a starring role in countless films, TV shows, PR events, and brand launches.
