SUMMARY:

Elizabethan is a beautiful replica of an 1890s stern-wheeled Mississippi paddle steamer, set over two ultra-stylish decks. Her capacious upper deck was fully refurbished in 2020 and features a raised wheelhouse, panoramic glazed windows, hardwood sliding doors, sumptuous booth seating, a retractable roof, and outside deck space. Meanwhile, her air conditioned lower deck provides a versatile event space for any requirements. Several discreetly positioned televisions also provide the ability to stream content throughout the boat. Always a stunning sight as she cruises through London, Elizabethan is unsurprisingly one of the most desirable vessels on the River Thames for film and TV shoots, product launches, and PR activations.
