SUMMARY:

Equity is powerful as well as dependable. As with all Targa boats, safety and practicality always come first. It is perhaps no surprise that the Equity is the choice of the Metropolitan Police in London for patrolling on the River Thames. Equity is also popular among other professionals – from transport purposes to custom patrolling. Classed as the 4x4 of the seas, Equity is the vessel of choice for both professionals and private charters alike. Equity also offers ample room inside the cabins as well as on-deck, perfect for a variety of work on the river, especially filming.

Equity underwent an extensive refurbishment in 2023 which saw the installation of a non-slip deck and a sleek new black paint job.
