

## EAST INDIA QUAY

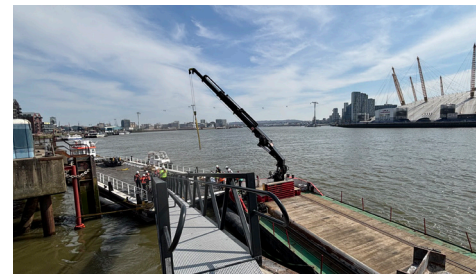

CATEGORY: Piers & Moorings

### SPECIFICATIONS:

LENGTH OVERALL | 80m

EQUIPMENT | Gangway to mooring  
pontoon

### SUMMARY:

East India Quay is located on the north side of the River Thames, directly opposite The O2. It was previously known as Pura Foods Jetty Poplar before being acquired and reactivated under its new name by Livett's in May 2023. It has reopened as a common user deep water berth above (west of) the Thames Barrier, with 5 metres of water at all states of tide. It can welcome vessels and craft up to 80 metres long and 20 metres wide. A brand new 22-metre long gangway was installed in April 2025 to provide safe access to our mooring pontoon, Remus.

East India Quay boasts a fantastic location in close proximity to London City Airport, Canary Wharf, and East India DLR station, as well as several major road links. It also has direct pedestrian access to the shore.
