| CLASSIFICATION | PLA Cat C & D  |
| CRANE          | 65T crawler crane<br>40m jib length<br>20x hardwood crane mats |

## SUMMARY:

Sidney L is a versatile crane barge designed for demanding marine operations on the River Thames. Originally joining the Livett's fleet in 2017 as a multi-purpose flat top steel pontoon, she underwent an extensive refurbishment in 2025 to transform her into a fully equipped crane barge. She now features a 65-tonne crawler crane with an optional 40-metre jib, two 12-metre spud legs, 20 hardwood crane mats, and full lifting gear. This makes her an incredibly versatile platform for a wide range of marine operations.

Supporting the efficient operation and deployment of Sidney L is our dedicated tug, Thames Vixen.
