SUMMARY:

Royale is a striking Princess-built luxury motor yacht, bringing five-star comfort and contemporary styling to the River Thames and beyond. With three well-appointed cabins, eight berths and three bathrooms, she offers genuine live-aboard comfort alongside day-charter capability, equally suited to hosting a production crew for the day or providing accommodation across longer shoots.

Twin 1100hp engines give Royale real presence and the performance to keep filming days on track, whether repositioning between locations or holding station for a key sequence. PLA licensed to carry up to 12 passengers by day, she's a natural fit for productions seeking a luxury yacht picture boat on the Thames, with genuine screen presence as a hero vessel and comfortable spaces for cast or crew between takes.
